

Overview of the Credit Union System course helps employees **SHARE** our Competitive Advantage

In May, CUSOURCE Knowledge Network announced the re-launch of the *Overview of the Credit Union System* eCourse.

The “make over”. The difference. The redesigned course is easier to navigate, up-to-date with added flexibility. A great resource for both new and experienced employees, it helps employees answer such questions as, “What *is* the credit union difference?” & “What *is* our competitive advantage?”

Read what your peers say about this course:

“Can I just say that I love this course...I just took it and was very impressed by the ‘just right’ level of in-depth information that it provided. I’ll definitely be recommending this course for all of our staff.”

~ Sonia Ryan, Manager of HR, Coastal Financial Credit Union

One of the goals of this course is to engender a feeling of pride and passion about sharing “our story” with both prospective as well as current credit union members. [Learn more...](#)
